How It Was.

Against an old Georgia negro, charged with stealing a pig, the evidence was absolutely conclusive, and the judge who knew the old darky well, said reproachfully:

"Now, uncle, why did you steal that pig?"

"Bekase mah poor family wuz starvin', yo honor," whimpered the old man.

"Family starvin'?" cried the judge. "But they told me you keep five dogs! How is that, uncle?"

"Why, yo honor," said uncle, reprovingly, "you wouldn't 'spect mah family to eat dem dogs!"—Harper's Magazine.

Loses His Tobacco.
Fire destroyed the tobacco barn and 2,500 pounds of tobacco belonging to Cruett Overstreet, of Massac, yesterday. Mr. Overstreet was firing the tobacco, and it is the theory that sparks caught the barn. The loss was complete.

AYER-LORD TIE CO.

(Continued From Page One.)

are offered. One of the Helena officials, recently talking of his plant, stated that Paducah is the logical point on western waters for steamboats and barge repairing plants, and that his company will move the docks back to this city if solicited with a satisfactory inducement to do so. Just what the Helena company would ask was not stated. It was stated that the company is doing a big business at Helena and most of the lumber used by it is purchased in Paducah.

Loading Ties at Paducah.

Owing to the labor troubles between the Ayer & Lord Tie company and the carriers, the company has commenced to load ties at Owen's island into cars. The cars are brought here from Brookport on double-track barges and after the cars are loaded they are transported to Brookport by the Lizzie Archibald, the company's tug. About thirty negroes, members of the company's loading crews, are employed to load the cars. Five to six cars a day are shipped to Brookport, whence they are shipped north over the Illinois Central.

The tie carriers struck four or five weeks ago for one and a half cents for light and 2 and 1-2 cents for heavy ties. The present crew makes from \$5 to \$6 per day, the weekly pay roll for the carrying alone amounting to about \$1,000, all of which is circulated in Paducah.

The tie carriers asked for the raise last spring when ties were wet and heavy and the weather cold. The scale was paid then, but as the weather is dry and pleasant now the company reduced the scale to the original price of one cent a tie. The negroes carry from 500 to 600 a day, the hours being from 8 a. m. to 5 p. m.

The company now has about 250,000 ties moored in barges at Owen's island. The company's boats are idle now because all the barges are loaded. It will be unable to load any more ties until a number of the barges are unloaded. The company is now building several new barges at the plant of the West Kentucky Coal company, a few of which will be ready for the water in a short time.

The Ayer & Lord Tie company's boats make 25 or 40 trips in a season and the average expense per trip is \$900, or about \$16.00. Nearly all of this money, Manager Barker stated, is expended in Paducah. Year before last the Ayer & Lord Tie company handled 12,500,000 ties at Paducah, more ties than all other companies combined handled. The expenditures at this point was about a million and a half dollars, all of which went through the Paducah banks. When the panic broke, like all other industries the business dwindled, and since then the yearly expense has not been more than a million.

Somebody Took Time.

With the story of the loss of a gold watch, W. M. Vick, of New Liberty, Ill., appeared at the police station this morning. Vick said he was near First street and Broadway when the watch was stolen from his trousers. He described the watch as a double case gold watch with a South Bend movement. The case was engraved, and the watch had 19 jewels. Vick was not able to give a description of a person suspected of taking the timepiece.
